Dear Patient,

We would like to personally welcome you back to Romanoff Vision. Your complete exam will include a refraction to determine any prescription for glasses. We will also dilate your eyes so that the doctor can check their overall health. The doctor may request additional tests, if necessary. One third of all systemic diseases are potentially diagnosable during a routine eye exam.

Your appointment is:

What you need to bring to your appointment:

- Enclosed forms filled out, signed and dated
- Medical Insurance Cards, Vision Insurance Information, Photo ID
- List of medications and supplements that you use, their dosage and frequency
- Name of your Primary Care Physician; Prescriptions glasses, sunglasses or contacts

What you should expect at your appointment:

- Please arrive 10-15 minutes prior to your appointment time for the registration process.
- Allow 1-2 hours for your exam. Additional testing may require more time
- Be sure to verify with your insurance company what part(s) of your exam will be covered. Many insurance plans do not cover routine, healthy eye exams. Other plans cover only part of the visit.
- Medicare patients must pay \$30.00 for the refraction portion of the exam. This is not covered by insurance and is payable the day of the exam.
- Our Collection Policy: Dr. Romanoff participates in a variety of insurance plans. As a courtesy to our patients, we will be happy to file most claims. You will be expected to pay your co-pay, co-insurance and/or deductibles at each visit. Our office charges a \$15 fee if you do not pay your copay at the time of service. If your insurance requires a referral, it is your responsibility to contact your primary care physician and obtain a referral.
- Failure to keep your appointment without giving us notice will result in a \$45 fee.

We hope your visit with us is as pleasant and efficient as possible. If you have any questions, please do not hesitate to give us a call.

Sincerely,

Dr. Bennett Romanoff and Staff
